

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of Southern California Edison Company (U 338-E) for Approval of Incremental Energy Efficiency Program Activities for Summer 2005.

Application 05-02-029
(Filed February 25, 2005)

**ADMINISTRATIVE LAW JUDGE'S RULING
ORDERING TURN TO FILE ADDITIONAL
HOURLY RATE JUSTIFICATION**

On July 11, 2005, The Utility Reform Network (TURN) and Women's Energy Matters each filed requests for an award of compensation for substantial contributions to Decision 05-05-012. As part of its request, TURN might normally include detailed justification for any proposed change to its hourly rates. This time, TURN referred to the proposal for 2005 rates that it submitted in Rulemaking (R.) 04-10-010, where the Commission plans to set 2005 rates, and stated:

"TURN believes it is reasonable to assume that a decision setting the 2005 hourly rates will issue in R.04-10-010 before a decision issues on this Request for Compensation, and therefore proposes that the Commission apply whatever hourly rates are adopted in the rulemaking to the 2005 hours requested here. Should the Commission wish to see in this proceeding the justification for the 2005 rates sought here, TURN asks that we be permitted to supplement the record with such a showing."

If the Commission issues an order in R.04-10-010 in a timely manner, I plan to rely on the hourly rate determination from that order in drafting a decision related to the compensation request in this proceeding. However, I have no assurance as to when the Commission will issue that decision, and would prefer to have what TURN considers to be its complete hourly rate justification available to me in this docket. Thus, I will direct TURN to provide a supplemental filing.

IT IS RULED that no later than August 5, 2005, The Utility Reform Network shall file and serve a supplement to its request for compensation providing any additional information it wishes to offer to justify its proposed hourly rates for work related to this docket.

Dated July 27, 2005, at San Francisco, California.
